

MontVR: Real Entertainment!

MontVR was created when two young entrepreneurs realized they shared a passion for virtual reality. At first, **MontVR** was a virtual reality content production company with a mission to spread the VR gospel far and wide. Through its equipment rental department, **MontVR** brought the VR experience to events like MUTEK, the Festival du Nouveau Cinema and many others.

In the spirit of introducing VR to the masses, **MontVR** opened the first virtual reality centre in Quebec in January 2017. With a focus on the customer experience, pleasing aesthetics and high-tech, it was an instant success. A frictionless online reservation and payment system ensures customers' focus is on the experience and the reviews speak volumes about the success of this approach.

MontVR's mission is to bring high-tech, high quality entertainment at a balanced price, fostering customer loyalty and happiness.
